SELLER QUALIFICATION PREPARATION GUIDE

Preparing for Participation in the TGL Trade Program

Version 1.0

Welcome

Welcome to the TGL Trade Program.

Thank you for your interest in establishing a professional commercial relationship with TGL World Trade Solutions.

Our objective is to facilitate trusted, long-term relationships between qualified Gold Doré suppliers and qualified international buyers through a structured, transparent and professionally managed qualification process.

Unlike many organisations, TGL is not seeking the highest number of applications. We are committed to establishing a high-quality international trade network built upon professionalism, commercial integrity and responsible business practices.

Why We Have a Qualification Process

"The strength of the TGL Trade Program is built upon the quality of its participants."

Our qualification process enables us to better understand your organisation, production capability, commercial objectives and operational requirements before commercial introductions are made. This helps establish trusted long-term relationships and supports efficient, professional transactions.
